21 We will NOT ACCEPT anything that's not what WE planned, what we
22 TARGETTED, and we are there to EXECUTE it in the way WE see it, without
23 a single fire, or bullet being fired, without any interaction, or in trying to
24 diminish or destroy anything.
25

26 Please, if you have access and you have chatrooms which they listen to you,
27 especially those who think they are the enemies of the foundation and they have
28 to shut it down, spread the word as much as you can that **Thursday will be a**
29 **revolution**, more or less a huge change in understanding of the work of the
30 humanity for humanity. I don't go any further to it, till Thursday, on Thursday
31 we explain, because on Thursday we will show how all the power units you
32 have received works, and **how the key is to the working of it and what you have**
33 **to do**. You get them, you produce the energy you need, and how your wiring
34 and your interaction of the power in your country DICTATES the efficiency of
35 your system.
36

37 In some countries you can make it other percent efficient, in some countries you
38 can make it 60% efficient, in some countries 30%, it all depends how it's been
39 set and how you can feed back and then it still goes to the 2 kilowatts plus,
40 which we said the system can deliver.
41

45

46 **Let me explain to you where the fraud comes.**
47

48 Let me explain this situation has come to an end.

49

50 The fraud comes from the circle in Antwerp. We caught HIM attempting
51 MURDERS, we... we caught him... executing... BLOWING CARS
52 UP, ...for 10 years we stood every TORTURE.

53

54 When we exposed the hand of the man with the red circle in Antwerp, direct
55 attack on foundation start because his income from the Belgian government to
56 assassinate us did not come in. He couldn't deliver to his paymasters his payroll.

57

58 All the attacks on Keshe Foundation comes from GERMANY and ONE MAN
59 ONLY. Keshe Foundation has NO OPPOSITION. Except this man.

60

61 He's well paid by the King of Belgium, and he lost his income.

62

63 He got a half a million house on the back of my arrest 11 days in Canada.

64

65 So whoever says we are fraud comes from one man who HIJACKED all the
66 websites of the Keshe Foundation. (...)

67

68 He single-handedly dismantled Keshe Foundation (inaudible) world because he
69 has paymasters, he's paid by the King of Belgium.

70

71 YOU KNOW WHO HE IS.

72

73 HE'S THE BIGGEST MURDERER GOD HAS EVER CREATED.

74

75 A man who POISONED a child of 7 years old to kill has NO GOD.

76

77 And now he couldn't kill my child, he couldn't kill my wife, he couldn't kill me,
78 now we become a fraud.

79

80 The fraud sits in Antwerp, what we call in the red circle. All the... we became a
81 fraud since he lost his income from attempted murder.

82

83 He used to live in a house in boxes, he didn't have income to live.

84

85 I used to... even his telephone number is paid by us, now I get arrested in
86 Canada 11 days, sentenced to death every day, we come back half a million
87 house with two garages. That's how we become fraud.

88

89 So, whoever calls us a fraud, sits with the murderers, not with us. If a man can
90 kill a child of 7 years old attempted murder a killage of poison a child of 7 years

91 old (?), by putting poison on the toys, now we know who is the fraud.

92

93 So everytime anybody tells you Keshe is a fraud, **WE WERE PERFECT** as long
94 as we were (inaudible) of the gentleman, with a half a million house in the
95 highest best positions in the country. So let them be a fraud.

96

97 **Whoever calls us a fraud is a murderer**, and they know what they have
98 done.

99 They accompany and publish and work with the murderers. So who's the fraud
100 is them and not us. *We were not fraud as long as we were feeding the*
101 *man.* (...) They are all paid. He's circulating the whole job. This is the whole
102 thing.

103

104 When you... There's in English we say: he's throwing us shit, some of it with a
105 stick (?). And enough shit has been thrown by this man, along with everything
106 else.

107

108 Keshe Foundation for 10 years could not succeed in Antwerp ... in Belgium,
109 because it was always stopped, one way or another.

110

111 We came to Italy, in less than 2 years we set everything up, Chinese
112 organisation went down with the same man being flying in there, and now we
113 come to Barletta, in 3 months **we've become one of the biggest**
114 **international organisations in the scientific world**, because this man
115 can not move.

116

117 Interpol is watching him, federal intelligences are watching him, and he's
118 everywhere.

119

120 He went and put the books all over the internet, free, no problem, **we received a**
121 **bigger boost from the governments.**

122 So, these are all the same people, who he's feeding, and, if you're fraud, the one
123 who call us fraud, just put on the internet "murderers", that's what they do, kill
124 children.

125

126 **They ABUSE the children... when they couldn't play with the kids in the garden,**
127 **they go and kill the child.** That's who the murderers are, and that's who the fraud
128 is. So please don't come with that word, because, whoever call us a fraud, is the
129 ones who lost their income by killing children.

130

131 (Caller: "I totally agree with you Mr. Keshe... that kinda made me mad. And I
132 made a lot of notes here over the weeks, and I was showing people that they are
133 lying and they are trying to make you say things...")

134
135 Nono, we are... we have... Keshe Foundation has MILLIONS of supporters, and
136 now we receive support of governments, presidents and the others.

137
138 And very soon the judge in Italy will issue the warrant for their arrest. We've
139 been told (inaudible) very soon these people will be marching through the
140 courts, and then they will stand for attempted MURDER OF A CHILD.

141
142 **IT'S ALL DOCUMENTED.**

143
144 Let me explain to you one thing: a man who PISSES in front of the 2 year old
145 child that he can't get it to rape it, and then he poison it to kill, it shows who is
146 the fraud.

147
148 *It's well DOCUMENTATED.*

149
150 A man who has no backbone to stand the truth himself, has never made a single
151 document, he doesn't have a clue what a nano-material is, how can he pass the
152 verdict ?

153
154 And it's all done, you've seen the hijacking of the websites of the Keshe
155 Foundation, USING OUR OWN WEBSITE TO ATTACK US, is no problem.
156 We let them do, *we bless their soul*, but the murder sits with their own
157 grandchildren and their own children. The fraud is them, who made money
158 putting a man in the prison with a 2 year and a half 3 year old child, telling the
159 father he's gonna be executed every day, and collecting half a million to build a
160 house.

161
162 (Caller Douglas: "I totally understand that Mr. Keshe" (!))

163
164 Everytime time when anybody calls us we are fraud, just write underneath "gang
165 of murderers", that's what they are.

166
167 (Caller Douglas: "I sure will Mr. Keshe, and you take me on my word at that, I
168 sure will do this." (!!!))

169
170 -----

171
172 01:13:52 (COLLECTIVE ATTACK !)

173
174 On Thursday, I show you another version of this. You'll all be shocked how
175 much you've been looking somewhere else, where everything was in front of
176 you. I relied in my teachings in respect to the Magrav technology on the

177 GREED of the man.

178

179 EVERY SINGLE ONE OF YOU FAILED. The greed took over your intellect.
180 And then you called me a liar, when you don't want to call yourself STUPID.

181

182 YOU'RE THE MOST STUPID LOT I'VE EVER SEEN.

183

184 Your greed was so high, that you missed the whole ball and it's been right in
185 front of you. And all I've done, I've used the same thing, no more. Anybody who
186 wants to bring a bullet to shoot themselves for a stupidity bullet not to kill
187 yourself but to shoot yourself with a stupidity bullet (?), bring it with you on
188 Thursday.

189

190 I'LL LET YOU SHOOT YOURSELF.

191

192 All the ones who call us a fraud, we tag them "murderers", because from now
193 we know who they are, because they're so stupid they never saw the reality
194 what's sitting in front of them. Maybe we have to create a stupid GANS for
195 them, that you receive better energy, elevates you a bit higher than you come
196 out of this stupidity and greed of the matter state.

197

198 -----

199

200 01:25:50

201

202 There is a law in Belgium. The children and grandchildren carry the debt of the
203 grandfather. This is a very beautiful law. Belgium is the only country where the
204 debt goes with your blood. You have to disown your father, not to pay the debt.
205 So he's such a shame that you disown your own creator. That's what it is.

206

207 -----

208

209 01:36:05

210

211 The guys in the red circle must be running.

212

213 One more infringement by the Facebook and they'll be banned from the
214 Facebook anywhere entering.

215

216 They find one more (inaudible) of their work, and they will be stopped.
217 Facebook has got a track of what they are doing, the IP and the name from that
218 location will be banned. They are looking for the infringement.

It's very interesting. When we speak about this... I read somewhere that the people who are instigating all the problems with the Belgians with the health are THE GERMANS. And they say "We have to speak, to the people who cause problems for Keshe in Belgium again." **They want to speak to Mr. Delannoye. But they don't know Mr. Delannoye is already De La Note.**

He's under investigation for attempted murder as a highest peek member.

So when you write to Mr. Delannoye, tell Mr. Delannoye: "Mr. Delannoye you're under investigation by the European Court of Justice for attempted murder of Mr. Keshe."

You don't need to write, better call Mr. Delannoye and tell him (inaudible) red circle that way you gonna do (?)

We watch every move of you.

WE HELP PEOPLE, WE HELP PEOPLE, AND WE LET YOU HELP YOURSELF. Call as much as you like to Mr. Delannoye. Mr. Delannoye is under investigation for attempted murder. And that's why the European Court of Justice is the highest court in this land (?) Don't make threats, you're under watch yourself.

02:34:38

I can give you the knowledge of the universe.

But unfortunately as I said, every man takes according to their intelligence. But the man... The greed has blinded the man's intelligence, that's the biggest problem with this position.

You're so greedy that you don't see the knowledge in front of you. And I bring it so openly, and I enjoy bringing it so openly, but nobody sees it, my God, it's impossible. **Am I correct Marko ?**

You all have this attachment of what we heard... the guy (the "Caller" mentioned above) goes out of his way, I've never met him, trying to protect me for others not to call me a fraud, where only needs to tell the guy "you're a murderer", you murder a child, you attempted to murder a child, and he gets the police force behind this murder of a child.

And then you understand very soon. They can wipe out anything they like, they can do anything they like, they can make any threat.

Use your intelligence, everything is in front of you. You don't need to be a genius, if you understood this, you've done the job. It's so in front of you.

We can deliver energy unit NOW. I can show you how you can have a power generator now. What you gonna do, you jump on a bunch of monkeys copying the same but you don't understand.

What is a power generator ? You generate power when you move plasma from one position to another in the strength of it. So how much have you seen being generated ? But you still want to have a little bit crumbs. I give you the crumbs until you find out the cake was sitting in front of you. There is enough.

On Thursday we show you so much, that I have 5 weeks to go away for you lot to do something that you see by the time we come back in December what you call in January. (...) You can and you have been given enough knowledge. (...) It has the power to reduce your energy consumption by 2kW, but it depends what you feed it. And then you understand how you feed it. And then you all have had a full power supply generator with you from day 1. If I tell the innovation center how they can produce energy tomorrow morning they have a power generator sitting in front of you, displayed by Philippines by tomorrow morning 9 o'clock. They say: "Oh no you see he got a power generator, but he doesn't give it to anybody." But what does it serve ? You don't add to no intelligence. **Monkey see, monkey does.**

02:40:33

And in time, in 6 months, 12 months time, when it's totally done, you can

306 literally THROW THE UNIT AWAY IN THE BIN, because the system will
307 support it's own production. Because in the house you create enough
308 environment exactly as here. But you lot don't see, that's your problem, not
309 mine.

310

311 -----

312

313 02:41:55

314

315 A lot of people wrote "He's a fraud, his system doesn't work". The guy has put a
316 11 Watt system and he gets 11 Watt out and he says "Where is the instruction?"
317 We told you what to do. **So if you're idiot, you see idiot, that's your**
318 **problem.**

319 -----

320

321 02:42:33

322

323 Actually, somebody wrote to me "Do you know something Mr. Keshe ? The
324 pedophiles and the **gays**" ... sorry "The pedophiles and the abusers have found a
325 field (?) way for your conditioning." Which means they were looking for
326 something to confirm their existence, and they're running with it.

327

328 **He's a fraud, he's a thief, he's done nothing. But they don't understand English**
329 **(...) Lack of understanding is your problem.**

330

331 -----

332

333 02:44:38

334

335 But those who don't understand still stay ignorant for it. But in reality the one
336 who uses 11 Watts and expects to get 11 Watts out, it means the guys hasn't got
337 a clue about anything else, a thief working with the thieves. (...) If you have
338 followed the conditioning, on Friday... on Thursday we show you how you've
339 been using a system without you knowing and you've been producing electricity
340 without you knowing, but that electricity has been going into the conditioning.

341

342 It's a plasma, we need it, you have to have it. Otherwise you will not be able to
343 use the system, and I'm sure in 12 months 18 months time, there'll be a lot of
344 **second hand** Magrav systems in the market, because people have already using
345 it, they don't need it, they put it up for sale. We're opening the Keshe
346 Foundation second hand Magrav system, it's a good business. De La Monkey
347 get it back and it's still De La Monkey.
